YOU ARE APPLYING FOR A 6 MONTH HSPA PROVISIONAL CERTIFICATION

How does provisional certification work?
Upon passing your CRCST exam you will be granted provisional certification with HSPA for six months. By the end of that time you must have completed 400 hours of hands-on experience in a Sterile Processing department, and submit documentation of that experience to HSPA using the Provisional Certification Authentication form provided on the next page. This experience may be obtained on a paid or volunteer basis in the SP department of a hospital or surgery center. You do not have to wait until you test to begin accumulating your hours, and we strongly encourage you to begin working or volunteering as soon as you are able. Once complete, this form can be returned to HSPA by mail (55 W Wacker Dr, Suite 501, Chicago, IL 60601), fax (1.312.440.9474), or email (certification@myhspa.org). Upon receiving the documentation of your 400 hours you will then be issued full certification.

Please Note: Your experience may be divided among more than one facility, simply have each facility complete a copy of the form and indicate exactly how many hours were done in each area, at each facility. Additionally, if you wish to complete your hands-on experience in a dental, optical, or veterinary clinic (ie any facility other than a hospital or surgery center), the facility must first be approved by HSPA. To receive the necessary paperwork to have a non-traditional facility reviewed, please contact HSPA before you begin accruing your hours.

Where should I look for work or volunteer opportunities?
While HSPA does not have job placement services, or contract with any healthcare facilities, facilities are able to list positions available through the Career Center at myHSPA.org (under the Resources tab.) This is by no means an exhaustive list, and you may also wish to check job posting websites such as monster.com and indeed.com to further research openings in your area. We also suggest reaching out to local hospitals and surgery centers to see who might be hiring or accepting volunteers (HSPA does not participate in the hiring practices of healthcare facilities, so you will need contact potential employers directly.)

Are provisional certification extensions available?
A one-time, two month extension is available to those who are currently working or volunteering within an SP department and approaching the end of their six month provisional certification period. An extension request must be made prior to the expiration of your provisional status, by the manager/supervisor of the department in which you are completing your hours. Extensions are not available to those who are not currently volunteering or employed within a SP department.

What if I am unable to complete my 400 hours?
If you are not able to complete the 400 hours of hands-on experience prior to the six month deadline (granted after you pass the CRCST exam) your certification will be revoked. You are then welcome to sit for the certification exam again whenever you wish, though please be aware that an additional application and testing fee will be required.

If you have any additional questions regarding provisional certification or the submission of your 400 hours, please let us know.

Sincerely,
The HSPA Certification Department
INSTRUCTIONS

This section is to be completed by the Manager/Supervisor who directly oversaw the provisional certificant’s work/volunteer experience. Providing you are in a position above the applicant, this section can be completed by: Lead Techs, Coordinators, Supervisors, Managers, Directors, Chiefs, Administrators, or Hospital-Based Educators/Trainers. By completing this section you attest that the employee/volunteer listed below has completed the minimum 400 hours of hands-on experience required for this certification and will verify as much as called upon. The certificant cannot complete any part of this form.
