**HSPA Announces Board of Director Election Results**

Chicago, Ill., March 29, 2024 — The Healthcare Sterile Processing Association (HSPA) is pleased to announce the election results for five Board of Director positions.

Arlene Bush, CRCST, CIS, CHL, CER, DSMD, CRMST, Supervisor of Sterile Processing Service for Lee County Veterans Clinic in Cape Coral, Florida, has been elected as the Association's next President-Elect. She will serve consecutive one-year terms as President-Elect (2024-2025), President (2025-2026) and Past President (2026-2027).

Brandon Gantt, MHA, LSSGBH, CRCST, CHL, CER, Manager of SPD Education and Training at Emory Healthcare in Atlanta, was elected to serve as Secretary/Treasurer (2024–2026).

Joining Bush and Gantt are the following three Directors, all of whom will serve a two-year term (2024-2026):

Joseph Avila, MBA, BHA, CRCST, Regional Director of SPD for Memorial Hermann Health System in Houston, Texas;

Stacey MacArthur, BA, MS, CRCST, CIS, CHL, CER, Sterile Processing Manager for Providence Portland Medical Center in Portland, Oregon; and

Angela Warner, BS, CRCST, CIS, CHL, CER, Sterile Processing Manager and Procedural Co-Chair of the Cleaning, Disinfection

and Sterilization System Committee, UCHHealth Longs Peak Hospital, Longs Peak Surgery Center and Broomfield Hospital in Longmont and Broomfield, Colorado.

“We are pleased to welcome these individuals to their new positions on the HSPA Board of Directors. Each brings valuable and diverse experience, insights and professional backgrounds that will support the Association’s strategic plan and help HSPA meet the needs of our ever-growing membership,” said HSPA Executive Director & CEO Susan Adams, BS, CAE.

The new Board members take office on April 23, 2024, at the conclusion of HSPA's Conference in Las Vegas.

**About HSPA**

The Healthcare Sterile Processing Association is the premier association representing more than 49,000 healthcare Sterile Processing (SP) professionals. Since 1958, HSPA has provided certification and continuing education offerings as well as advocacy and support to SP professionals worldwide.
